E-Billing & Authorized Users

How will I receive my bill?

You are notified via your University email address when your student bill is available. You can log into the billing site with your Net-ID and password by clicking on the link in the email. Check your Whitewater e-mail account on a regular basis to avoid missing important information. Always keep adequate space in your inbox.

How can I view my account?

Account summaries are available to view on the WINS. Once logged in, you can click on “Student Financial Account” then click on “Account Inquiry” to show account details. You can also get to the billing site by clicking on the “Make a Payment” link in the Student Financial Account page.

How can I pay my bill?

Cash, checks, and money orders are accepted at the UW-W Cashier’s Office, Hyer Hall Room 104. Credit card payments are accepted online ONLY by logging into your account through the billing site. MasterCard, American Express, VISA and Discover are accepted with a 2.85% convenience fee. Web checks are also accepted online without a convenience fee. Also, payments can be mailed to:

UW-W Cashier’s Office
P.O. Box 88
Whitewater, WI 53190

Can my parents view my bill online?

You can set up authorized users through the billing site. Login to WINS, click on “Student Financial Account”. Click on “Make a Payment”, this will launch you into TouchNet (login and password are the same as your WINS) Once you are logged in, click on the “Authorized Users” tab on the top of the page and follow the prompts. After the authorized user is set up, that person will also receive future notifications when there is a new bill to review.

Setting up an authorized user on the billing site does not allow that person to receive information when calling the Student Accounts office. Only the student can reset a password by taking the users email address out, saving the record, and putting it back in, in touchnet. A new notification and a new temporary password will be sent to the authorized user.
