

New Beginnings APFV

We support and advocate for victims & survivors of violent crimes

Potential CBL Partnerships:

- We are seeking partners who advocate for survivors of abuse
- We strive for a coordinated community response
- We are interested in local business to support us and the work we do in the community
- We are interested in forming new relationships with schools, places of worship and local business

Main Objectives for CBL Partnership:

- To offer survivors accessible community support
- To develop a seamless system on behalf of survivors
- To create interest with community leaders who will support our work in the community
- To broaden our reach within the northern portion of Walworth and southern portion of Jefferson counties.
