**Transfer students may have different general education requirements than those listed.
 Refer to your Advising Report for requirements specific to you.**

General Degree Notes

You must begin your Math and English sequences with the appropriate course. Your ACT, SAT or UW Placement Test score will determine the course in which you start. Please refer to your Academic Advising Report and adjust the sample 4-year plan accordingly.

All students must complete a minimum of 120 credits including:

- 1) At least 32 units of general education, including specific Gen Ed core courses, as well as approved math and science, physical education, and elective courses. Your general education electives must come from the following categories: GA, GE, GG, GH, GS, or GW.
- 2) All requirements for the BA or BS Degree.
- 3) All requirements for the major and minor.

College of Letters and Sciences Degree Notes

This plan includes Bachelor of Science (BS) requirements. For the BS students must complete two lab sciences designated GL from two different disciplines **and** 5 credits of advanced math or two 3-credit courses chosen from advanced math, statistics or computer science.

A Bachelor of Arts (BA) is also available. For the BA, students must demonstrate that they have achieved basic competency in a foreign language equivalent to one year of study at the college level. Students must also complete two 300/400 level courses outside of the major and minor subjects.

Major Notes

The Planning Guide begins with the most common placement for this major but students who place lower may need additional math credits.

Courses in **bold** typeface indicate specific courses that must be completed for the major.
