A. Approval of February 25, 2021 Minutes

Paul Gregory motioned, seconded by Wesley Hough, and the motion carried with an amendment of 2:40 pm adjournment time.

B. Announcements

1. Our next meeting, April 1, is the deadline meeting. If it is preferred to have proposals take effect in Fall 2022, there is no rush. If you want proposals considered for Spring of 2022, Winterim, and Summer of 2022, please submit your proposals by March 28.
2. COLS Bylaws are being reviewed and updated. Please look over the CCC section of the Bylaws to see if any revisions need to be made. If we do not have time at the April 1 meeting, we can put this off to the next meeting.

C. History

1. Program Change [LSBAHISTEM AHISTPUBHN: History-Public History Honors Emphasis \(BA/BS\)](#)
Program Change [LSBAHISTEM AHISTPUBLC: History-Public History Emphasis \(BA/BS\)](#)
Adam Paddock moved approval of both C1&2, seconded by Ted Gimbel. Adam explained the program changes for both courses.
 - Liz-Question about the credits required. You mentioned these courses streamlined the credits. There are inconsistencies in the catalog description – is this being reduced from 36-33, or are other adjustments which are not showing up? There is no totaling of credits showing up. Adam-Technically, this should have been more than 36 credits before, including the internship. We did not discuss reducing the number of credits within the major. Liz-The 33 may be showing up incorrectly as 9, when it needs to be 12. This could be a glitch in the system. Credits will be corrected in CL.
 - Susan-In the distribution of requirements-Could we put course numbers in the capstone requirement area? WINS is not handling distribution numbers correctly. Adam-For now, we could list the courses under the capstone to be excluded. List the capstone courses there are they are.

- Wesley-In Coursepicker, in the Honors Emphasis there are extra lines; I'm not sure what this involves. Liz-there must be a line missing under Applied History line. Liz-What is the Applied History line? An internship? Let's check the catalog to see how this is written. We will rearrange that so those are together. Mary and Adam will work on these edits.
- Ellen-Wondering whether some of the rationale should go away-these do not seem to be current changes. The old rationale does need to be edited out. Changes to make the AAR work correctly. This will be corrected in CL.
- Vote: motion passed unanimously

D. Languages and Literatures

1. Create New Prefix [102: Create PWP Prefix](#)
Mark Lencho moved D1, seconded by Louis Betty. Looking toward converting the current emphasis to a stand-alone major.
 - Wesley-Do all of the U-Rock courses have 3 letter codes? This seems like it could be confusing. Liz-Yes, but Whitewater also has some 3 letter codes. This does not seem to be a problem with students, they do not know the prefixes. The Registrar did not have an issue with this.
 - Ellen Davis-Given how problematic cross-listing is, do you anticipate a lot of cross-listed courses? Liz-This is being considered. There will be a few courses that are cross-listed, and they understand that cross-listing should be kept to a minimum.
 - Vote-Motion passed.
2. Program Change [TESLBILBIC: Teaching English as a Second Language/Bilingual-Bicultural Minor-LS](#)
3. Program Change [TEACHESL: Teaching English as a Second Language for Adults Minor L&S](#)
4. Program Change [TEACHENGSL: Teaching English as a Second Language Minor L&S](#)
Mark Lencho moved D 2-4, seconded by Zach Oster. Mark explained the proposals as a way of cleaning up and consistency due to DPI requirement changes. There is a narrative that explains the minor.
 - Wesley-It is difficult to see the differences between these. Liz-ESL 493 has sections of this for sections for children and adults. This may be to add breadth. If they are in the classroom, why not be in the children's section.
 - Liz-if we do not feel these are clear enough, we could send them back.
 - Paul Gregory suggests a vote.
 - Ellen-in summarizing the changes, the narrative should also be summarized.
 - Vote-motion passed

E. Sociology, Criminology, & Anthropology

1. Course Change [ANTHROPL 302: Culture, Medicine, and Health](#)
 - Paul Gregory motioned to accept E1, seconded by David Havas. We approved the cross-listing last time.
 - Paul explained the proposal.
 - Ellen pointed out that if we change the grade basis, this must also be in the summary of changes.
 - Vote-motion passed

2. Program Change [CRIMINOLGY: Criminology Minor](#)
 - Paul Gregory moved to accept E2, seconded by Sarah Hessenauer. Paul explained the minor changes.
 - Wesley-Sociology 402: is there a reason this course is in this area? Paul-no, I can change that in coursepicker. Change will be made to reorder courses numerically in CL.
 - Vote-motion passes.
3. Program Change [LSBACRIMNI: Criminology \(BA/BS\)](#)
 - Paul Gregory moved to accept the proposal, seconded by Sarah Hessenauer. Paul explained the proposal changes. Students would like more flexibility in the order they take the courses. This will provide more flexibility for those students who do not want a career in law enforcement, but possibly a graduate degree in criminology, etc. The major change is how many of these courses you can take in each area. An electives area was created. This allows flexibility within the department with the loss of faculty over the past several years.
 - Wesley-As a minor formatting issue, there is a dead line in coursepicker “Criminal Justice Courses.” Paul will make the edit with Mary.
 - Vote- motion passed

F. Adjournment

Liz adjourned the meeting at 2:51
