### B. Announcements

1. Half of the committee is up for reelection. The list is available online at the college website-
  - a. Some departmental elections happen in April, not all. Any seats up for reelection, please confer with your chairs if you have not already.
  - b. Please convey information to Mary Pratt once you know who will serve. If you already know, please let Mary know.
2. David Havas: Would like to thank Liz for her many years of dedicated service on this committee!
3. Wesley: Do we need to elect reps to University Curriculum Committee? Or is that done at some other time? Liz-Yes! We do need to do so. David Havas, Ted Gimbel, and Zach Oster are the three who have been making substantive additions to the UCC. All three have agreed to continue on.
  - a. Liz made a motion to have all three continue on with UCC
    1. Ashley moved, Paul A seconded to accept the motion. No further nominations. Three reps continuing on to UCC next year, given that they are members on the CCC committee in order to do so.
    2. Angela Harlan will be the new Chair of CCC.
    3. We are uncertain of the new UCC chair for next year. The new chair will preside over just the UCC meetings.

### C. Biological Sciences

1. Course Change [BIOLOGY 303: BIostatISTICS](#)
2. Course Change [BIOLOGY 446: ORGANIC EVOLUTION](#)
  - a. Ellen moved approval of C1 & C2 together, seconded by Zach.
  - b. Ellen explained the course change as housekeeping. Moving this back to the proper CL section in the course proposal.
  - c. Reps from 3 departments should look at courses with discussion or recitation section, courses need to be noted in CL as lecture, discussion, and lab.
  - d. There is no component in CL for recitation. These should be reflected in the course component as **discussion**.
  - e. Nathan-This had been set as seminar with no discussion. What is seminar then? Liz-Seminar is an alternative to lecture. If a course is listed as a lecture in CL and WINS, it can be run as a seminar. This will be recorded to System as such. Seminar is publicly signaling your intent to run as a seminar. You are not prevented from running as a Lecture.
    1. If designated as a seminar, course cap does not necessarily apply as lower cap.
  - f. All in favor of approving C1 & 2-none opposed. Motion passed, no abstentions.

#### **D. Sociology, Criminology, Anthropology**

1. Program Change [APPLRSRHCERT: Applied Research Certificate](#)
  - a. Leda motioned to approve the changes on D1 seconded by Ed.
  - b. Leda explained the change proposal. Both were listed in CL and each could be clicked on.  
Suggestion: if this is approved, then the other should be shredded. We will approve the one in workflow and has changes which Leda has listed.
  - c. No further discussion-All in favor, no opposition, motion passed. No abstentions.
