Announcements

COBE International Requirements (Susan Johnson)

- Susan explained the change being presented. This will affect courses designated as an international requirement. This procedure will be implemented in the Fall.
- Leda Kanellakou asked if travel Studies are included in the GG Designations. Angela: Not automatically. This needs to be reviewed by the Gen. Ed. Review Committee.
- Ellen Davis asked if COBE could add 491 (International travel) as a GG. Angela: Possibly.
- David Havas: There is a new HLC policy regarding substantive changes to programs and there is a new system to report on these changes. Angela: We will need more information on this. Zach, is there a document for UCC regarding this? Zach Oster: No, there is no new document.
- Angela: An HLC change that has been made with changes being made to the program of the entire degree for the major. There is now a 25% threshold. If the change is over 25%, it has to be reported. We will need more clarification on this; there is uncertainty as to when these changes need to be reported. Answering "No" will be used often. Zach: the response will have no impact on what the UCC does with the proposal. Angela: If the change is over 25%, it gets reported to the HLC. The HLC will then look at the program and determine whether it needs to be re-evaluated.
- Zach: This change will have a great impact on Graduate Programs and Certificates.

Universal Credit Transfer Agreement (Once document is updated, Mary will email as a PDF to the committee)

- Annie LaValley-If you have curricular changes in a major or minor taking effect this semester, please review the AAR to see what this involves.
- Annie-If there is an error on the website, please submit this information to the Registrar's Office.
- Annie-Check the BA's and BS's separately. This applies only to the Legal Studies major.
