

COMMENCEMENT

UNIVERSITY OF WISCONSIN-WHITEWATER
MAY 11, 2024

More than 150 years ago, on April 21, 1868,
the state's second normal school opened its doors to the
first class of 48 students and nine faculty members.

A progressive spirit guided the development of the institution as it evolved from a normal school, which trained teachers for one-room schools, to Whitewater State Teachers College (1927), Wisconsin State College-Whitewater (1951), Wisconsin State University-Whitewater (1964) and as a member of the 13 four-year institutions in the University of Wisconsin System (1971), now the Universities of Wisconsin.

Today, UW-Whitewater is a leading comprehensive university serving approximately 11,522 full- and part-time students with 61 undergraduate majors, 21 master's degree programs, one doctoral degree and one education specialist degree in the colleges of Arts and Communication, Business and Economics, Education and Professional Studies, Integrated Studies, and Letters and Sciences. The university awards more than 2,650 degrees every year.

Throughout its history, UW-Whitewater has produced graduates who have actively contributed to the growth of the state and nation. Student learning is the paramount focus of the university's programs and services.

The university takes pride in its regional leadership, national presence and global vision. Many of its academic programs are among the best in the country.

STUDENT SPEAKER

DYLAN RILEY

Dylan Riley, a 2021 graduate of Oregon High School, arrived on campus as an undergraduate just three years ago with college-level coursework already under his belt. He had a demonstrated propensity for hard work, but was not yet certain what major he wanted to pursue.

“I was that hardworking student who came out of high school, but didn’t really know what my future was going to look like,” he said.

This spring, he is graduating with a Bachelor of Business Administration in finance from UW-Whitewater’s renowned College of Business and Economics. He will continue his education at the university this fall as he works toward an MBA in management.

For the past two years, Riley has been involved with the university’s American Marketing Association chapter, and says marketing professor John DeGraff has been especially influential throughout his time with the organization.

“He’s been the advisor for the AMA Social Impact Division, of which I’m a vice president,” Riley said. “He’s really been there for us, as a group, but also for me throughout my time at Whitewater. He’s been an outstanding faculty member and mentor to me.”

Riley also credits finance and business law professor Yuan Yuan with instilling a deeper appreciation of the insurance industry through the classes he attended.

Last fall, he also studied abroad for a semester through the American University of Rome, which, he said, was the fulfillment of a personal goal. Riley, who minored in political science, said the opportunity to meet with European Union representatives was an especially enriching and insightful experience as he studied abroad — particularly against the backdrop of the conflicts in Ukraine and Israel.

As a finance student, Riley notes the hard data of analytics is the driving force behind his studies. But opportunities such as studying abroad and the close-knit environment on campus have also helped him hone those all-important soft skills.

“I met lifelong friends here,” he said. “Networking, whether it’s professionally with businesses and professors or informally with my peers, has been so much fun.”

As he closes out one chapter of his collegiate experience and begins the next one, Riley said he is overcome with gratitude to the Warhawk community for the role they have played in helping him achieve his goals.

“The campus always felt very comfortable to me,” Riley said. “Even though it is smaller, UW-Whitewater has so much to offer. I’ve had a wonderful time being a Warhawk. I am so grateful for what this university has instilled in me. It’s been an absolutely amazing experience.” ❖

COMMENCEMENT SPEAKER

SCOTT WROBBEL

Whether it is in his personal or professional life, many of Scott Wrobbel’s foundational experiences that charted his trajectory as an adult trace back to his time on campus.

Decades might have passed since the Oconomowoc resident turned his tassel and earned his degree, but UW-Whitewater has always been close to his heart. UW-Whitewater is closely embedded within the Wrobbel family. Scott met his wife, Jean, on campus. Three of the couple’s four children are also Warhawks.

While a student on campus, Wrobbel made a long-term impact by serving as one of the founding members, in 1979, of the campus chapter of Beta Alpha Psi, the international scholastic and professional organization for financial information students.

Wrobbel, who earned a Bachelor of Business Administration in accounting in 1980, went on to serve in what he has described as a fulfilling career in the field, initially with Arthur Andersen, before joining Deloitte. His work at Deloitte included a variety of roles serving many publicly traded and privately held clients and becoming a vice-chair and U.S. central region managing partner.

“Being a trusted advisor to so many of the wonderful clients that I’ve assisted during moments that matter was something that I am incredibly proud of.”

Wrobbel, who retired from Deloitte in 2021, now serves on the board of directors of American Family Insurance, Johnson Financial Group and Northwestern Mutual Wealth Management. He earned several achievements and recognitions during his career. In 1994, he received the Beta Alpha Psi Award for Excellence in Accounting. In 2013, he received the UW-Whitewater Distinguished Alumni Award for Professional Achievement. The Wisconsin Institute of Certified Public Accountants named him the winner of its 2023 Distinguished Career Award.

From 1996 to 2008, Wrobbel served on the UW-Whitewater Foundation Board, where he was a treasurer for a number of those years.

Wrobbel also has given back to Children’s Hospital of Wisconsin, which assisted his family in navigating a physical condition. One of the couple’s children was born with spina bifida and, as an adult, has been able to enjoy many quality-of-life experiences.

He has held board positions at a number of organizations, including the Children’s Wisconsin Foundation, the United Way of Greater Milwaukee and Waukesha County, Boys and Girls Clubs of Greater Milwaukee, Junior Achievement of Wisconsin and the Andalusia Education Foundation.

When it comes to work and service, Wrobbel offers a timeless message that is as true today as it was when he was a student at UW-Whitewater, forging ahead toward his career.

“The work ethic, dedication and energy that you pour into something ultimately pays dividends — stay hungry and never settle for only good.” ❖

ACADEMIC PROCESSION

· MARSHALS ·

Michael Betker, M.S.

Senior Lecturer of
Communication

Edward Gimbel, Ph.D.

Associate Professor of Politics,
Government, and Law

Kathy Brady, Ph.D.

Professor of Communication

WARHAWKS GIVE FUND

Warhawk Bold: Soar Together, Give Back Strong!

Congratulations to our graduating Warhawks and to the families and friends who supported their academic journeys and are here to cheer them on! We are so excited to see what our graduates do in the world, and we hope they always feel Warhawk pride for their campus home.

These students made it to this milestone through hard work, and their achievement is remarkable. Every year, some of our Warhawks struggle to stay in school, unable to meet their tuition payments with the financial aid, loans, student jobs and parent resources they have. Some are able to achieve their higher education goals only because of the scholarships and other resources that our Warhawks Give fund provides.

Your gift to our Warhawks Give Fund — also referred to as the Greatest Needs Fund — directly supports the university’s driving purpose: success for students.

Visit uww.edu/foundation/gradgift to find out how your donation of **\$20.24** in honor of this graduation year can help keep students in school, so one day their family and friends can be sitting where you are right now — celebrating them and imagining their bright future!

University of Wisconsin
Whitewater

UW-Whitewater Foundation, Inc.

STUDENT SPEAKER

TY JAHNKE

Ty Jahnke, who first earned his Bachelor of Science in Human Performance in 2023 and is graduating with a Master of Science in Applied Kinesiology, is a 2019 graduate of Watertown High School. He says the decision of where to pursue higher education was reached long before he completed his senior year.

“I’m currently the 15th person in my family to go to UW-Whitewater,” he said.

A Wisconsin Intercollegiate Athletic Conference Scholar, Jahnke was also recruited to come to UW-Whitewater for track and field.

The sport was interwoven throughout his time on campus. He earned a number of achievements as captain and high jumper for the team. He was named a Chancellor’s Scholar-Athlete and was a part of the Wisconsin Intercollegiate Athletic Conference All-Sportsman Team.

Alongside his personal achievements in track and field, he has served as director of operations and assistant coach for the team from May 2023 to May 2024. He also served as an assistant strength and conditioning coach within the UW-Whitewater Department of Intercollegiate Athletics.

In addition to his athletic endeavors, Jahnke served multiple years as a resident assistant while living on campus as an undergraduate.

“I really enjoyed the leadership skills I learned from that job,” he said. “I’ve loved my experience here, especially in terms of the people.”

Jahnke said he is especially grateful to two faculty members for the role they played in helping him make it to the finish line, including Mike Johnson, the head track and field coach, who has been a mentor to him over the years.

“He’s definitely had a huge impact on me,” Jahnke said. “You can tell he truly cares about all of his athletes, and not just in the aspect of track; he also wants to help all of us succeed.”

Jahnke said Brandi Niemeier, a former undergraduate advisor at UW-Whitewater, also played a pivotal role, guiding him throughout his undergraduate days.

He aspires to a career in collegiate coaching, but will first answer a call of duty in the military by enlisting in the United States Air Force, beginning with enrollment in its Officer Training School.

“I’m looking forward to serving in the military, where I will be for at least six years,” he said.

For Jahnke, UW-Whitewater helped him realize his calling in life.

“My first time on campus was in kindergarten,” Jahnke said. “I remember my mom brought me here. This place has always been a part of me. I couldn’t speak more highly of it.” ❖

COMMENCEMENT SPEAKER

CRYSTAL MCCLAIN

Growing up in Milwaukee’s 53206 ZIP code, Crystal McClain knew firsthand that not everyone had her experience of a strong and supportive middle-class family that provided her with the foundation and encouragement needed to pursue her dreams.

When it came time to enroll in college, McClain was already familiar with UW-Whitewater. The Alexander Hamilton High School graduate had participated in Upward Bound on campus, an experience that supports high-achieving first-generation high school students and prepares them for college.

On campus, McClain was involved in several campus organizations such as SWSO, a social work student organization, and Black Student Union and served as president of the Lambda Alpha Chapter of Delta Sigma Theta Sorority, Inc. She credits several faculty members with providing guidance and inspiration as she forged ahead with life goals as a young adult.

“A lot of the professionals that I looked up to were very much mentors to me,” McClain said. “Such as Dr. Roger Pulliam and Dr. Monica Kelsey Brown, who both helped to guide me personally and professionally. UW-Whitewater means a lot to me, for multiple reasons. A lot of my lifelong friendships and relationships, both personally and professionally, were formed on that campus.”

After graduating with a B.A. in social work in 2003, McClain earned an M.S. in social work from UW-Milwaukee and served as a state-certified advanced practicing social worker.

In 2010, she used the wisdom and expertise she had gained to establish Revive Youth & Family Services, where she remains the owner and chief executive officer. The organization specializes in serving at-risk youth through four group homes and one foster home, and she uses the knowledge and her experiences she gained growing up to connect with the young people the organization assists.

McClain’s work and success through the organization has garnered attention, as evidenced by the Milwaukee Business Journal naming her to its 40 Under 40 list in 2018. McClain was also honored with the UW-Whitewater Distinguished Alumni Award for Community/Regional Service in 2019.

This spring, McClain will release her first-ever book, “The Invisible Backpack,” a fictional story that chronicles the life of 15-year-old James Archer, a boy who has relocated to a new foster home after leaving his former placement.

Regardless of a person’s upbringing and social surroundings, McClain said foundational experiences — good and bad — shape our views and can play into our actions. This life lesson is the basis for the book.

“We all have past experiences that we carry with us. Our perception of things plays into the choices and decisions that we make.” McClain said. “Wherever we come from, we carry certain things. We come with certain beliefs and certain ideas, and that plays into the people that we truly are.” ❖

ACADEMIC PROCESSION

· MARSHALS ·

Fe Evangelista, Ph.D.

Associate Dean

Pilar Melero, Ph.D.

Chair of World Languages and Cultures

Michael Hammer, Ph.D.

Associate Professor of Communication
Science and Disorders

Geethamali Samaranayake, Ph.D.

Professor of Economics

WARHAWKS GIVE FUND

Warhawk Bold: Soar Together, Give Back Strong!

Congratulations to our graduating Warhawks and to the families and friends who supported their academic journeys and are here to cheer them on! We are so excited to see what our graduates do in the world, and we hope they always feel Warhawk pride for their campus home.

These students made it to this milestone through hard work, and their achievement is remarkable. Every year, some of our Warhawks struggle to stay in school, unable to meet their tuition payments with the financial aid, loans, student jobs and parent resources they have. Some are able to achieve their higher education goals only because of the scholarships and other resources that our Warhawks Give fund provides.

Your gift to our Warhawks Give Fund — also referred to as the Greatest Needs Fund — directly supports the university’s driving purpose: success for students.

Visit uww.edu/foundation/gradgift to find out how your donation of **\$20.24** in honor of this graduation year can help keep students in school, so one day their family and friends can be sitting where you are right now — celebrating them and imagining their bright future!

UW-Whitewater Foundation, Inc.

THE MACE

A ceremonial staff called a mace is the official symbol of the university that is carried by a university marshal and signifies that ceremonies such as convocations, dedications and commencements have been officially sanctioned. The mace is a gift of the Class of 1969 in recognition of the academic growth of the university. Designed by Kurt J. Matzdorf of New York, the mace is fashioned entirely of sterling silver, enamels and amethyst and represents the School of Graduate Studies and four of the university's five colleges: Arts and Communication, Business and Economics, Education and Professional Studies, and Letters and Sciences.

The carrier of the ceremonial mace is the W.P. Roseman Excellence in Teaching Award recipient. The award, presented annually to a UW-Whitewater faculty member for outstanding teaching, was established in the memory of W.P. Roseman, who directed the Whitewater campus elementary school from 1919 to 1942. An all-university committee determines the recipient, and the award carries a cash prize. ❖

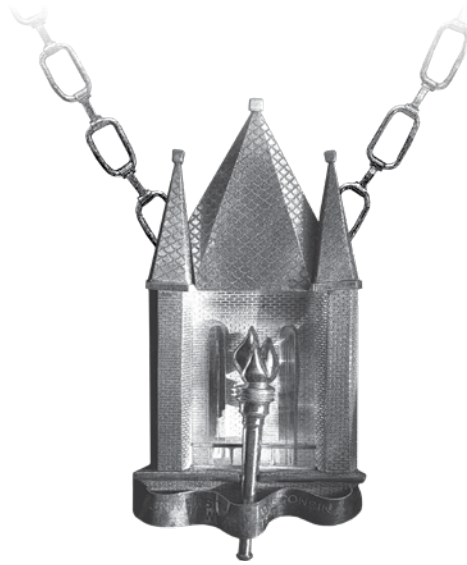

ACADEMIC REGALIA

The cap and gown that faculty and students wear today have a tradition going back to the 12th and 13th centuries, when students and faculty were considered members of the clergy. The bachelor's gown has a closed front and long, pointed sleeves. The master's gown has an open front and extremely long, closed sleeves; the arms protrude through slits at the wrist and the ends of the sleeves are square, with an arc of a circle just above the bottom. The doctor's gown is an open-fronted garment with voluminous bell-shaped sleeves with three black or blue (for philosophy) velvet bars. Gowns are usually black.

The academic hood is edged in colored velvet, which indicates the field in which the degree was earned. The master's hood is three and one-half feet long, with the colors of the edging for degrees granted by UW-Whitewater. The lining of the hood is purple and white, the official academic colors.

Students wearing gold stoles with "Honor" printed on them are graduates of the University Honors Program. Gold cords designate students graduating with Latin honors (cum laude, magna cum laude and summa cum laude). Some students wear sashes reflecting their participation in student organizations. Graduates who studied abroad or who are affiliated with another country may wear satin sashes reflecting the colors of the country's flag. ❖

UW-WHITewater CEREMONIAL EMBLEMS

THE CHANCELLOR'S MEDALLION

The chancellor's medallion signifies the history and aspirations of the University of Wisconsin-Whitewater. Conferral upon the chancellor declares that person's institutional leadership role, investing the solemn rights, responsibilities and privileges attendant with that honor.

The medallion depicts the tower of Old Main, the building that served as the centerpiece of the Whitewater campus from the university's founding in 1868 until it was lost to fire in 1970. The design of artist Linda Threadgill, an emeritus faculty member of the College of Arts and Communication, the medallion was cast and constructed in sterling silver and gold plate. Teresa Faris, associate professor of art and design, designed and constructed a chain of the same materials for the medallion in 2016.

A gift of the UW-Whitewater Foundation, the medallion was originally presented to Chancellor James R. Connor in 1987. ❖

CHANCELLOR'S GRATITUDE FOR MILITARY SERVICE COIN

Beginning in 2015, the University of Wisconsin-Whitewater Chancellor Gratitude for Military Service Coin has been conferred upon graduating veterans and military students who wish to be recognized for their service. ❖

2024 UNIVERSITY AWARD RECIPIENTS

W.P. ROSEMAN EXCELLENCE IN TEACHING AWARD

L. Roger Yin, Ph.D.

Professor of Information Technology and Supply Chain Management

OUTSTANDING RESEARCH AWARD

Department of Management

UW-WHITewater ALUMNI ASSOCIATION

The Alumni Association is the principal organization through which UW-Whitewater graduates continue a relationship with their alma mater. This association seeks to enhance the reputation of its university while providing a variety of services and programming, including free professional development opportunities, the Warhawk Pride alumni e-newsletter, alumni gatherings, alumni travel, Founders Day Alumni Awards, Homecoming alumni activities, the alumni mentor program, class guest-speaking engagements and advisory boards.

Organized in 1952, the Alumni Association has a current membership of more than 100,000 from across the country and around the world. Each semester, hundreds of new graduates join the ranks of this important organization at no cost to them.

Support for the Alumni Association is provided in part by generous alumni donations to the UW-Whitewater Foundation.

Those interested in learning more about the UW-Whitewater Alumni Association should visit the website at uww.edu/alumni. ❖

ALMA MATER

Traditional tune from Scotland

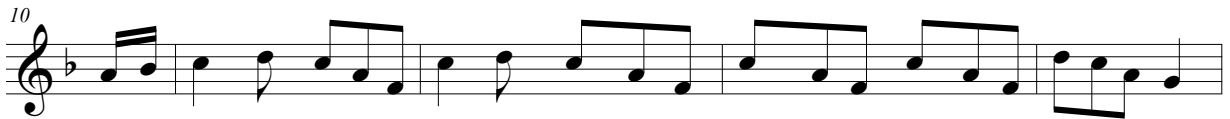

Lyrics by Andrew Baldwin, Class of 2014

We sing to hon-or our great al-ma ma-ter, A place that we keep in our hearts day and night.

And our voi-ces soar just as those here be-fore pro-claim-ing our love for the pur-ple and white.

As we War-hawks fly to un-boun-ding heights we sing, "White-wa-ter White-wa-ter glo-ry to you!"

For we found a home and where ev-er we roam, we sing, "White-wa-ter White-wa-ter War-hawks are we!"

University of Wisconsin
Whitewater
