I. Detailed explanation of changes (use FROM/TO format)

**FROM:**

This course is designed to review ethical principles across counseling disciplines and to apply these principles in the practice of counseling, collaboration and consultation. Ethical codes will be reviewed, theories and paradigms of ethical decision making models explored, and legal implications of ethical practice considered. Consultation theories, models, processes, and issues will be examined and applied. Consultation skill development will focus on benefiting both the client (consultee) and client system, in which the client, persons in the client's support system/context, various professionals within the educational or counseling setting, professionals in the mental health community, and other community members are empowered to facilitate change.

Prereq: COUNSED 718, COUNSED 721, and COUNSED 722.
