Proposal Information: ([Procedures for form#8](#))

Reasons for Action (include whether the action was recommended by any review body, if appropriate):

Creating the THS (thesis) grading basis for all 799 Thesis courses, and assigning the IP and S/F grades to it, will eliminate the erroneous grading of IP to any other courses. The IP grade was created strictly for Thesis courses, but, currently, all courses have the IP grading option. The IP grade option will be deleted from all courses except 799 Thesis. Instructors will no longer have the option to assign an IP grade to courses that should be graded with an I or traditional grade.

Staffing and Budgetary Impacts: None
