GENERAL INFORMATION:

Housing Contract: **The housing contract is for a full academic year.** Automatic releases are granted at the end of the fall term for students that are graduating, transferring schools, studying abroad, student teaching outside of area, internship outside of area or withdrawing from UWW for the spring term. All other release requests are reviewed on a case by case basis, however students should not take for granted that they will be released from the academic year contract.

UW-Whitewater is required to enforce the UW System Board of Regents' Residency Requirement (Policy 173, May 5, 1972) and therefore 1st and 2nd year students that graduated less than two years ago from high school are required to reside in University operated housing unless they have been approved for an exemption and have submitted a Residency Policy Exemption Request. *Note: Signing an off campus lease because the student did not know they were required to live on campus their sophomore year would not exempt the student from the residency requirement.*

Assignment and Occupancy related questions can be forwarded to: UHROOMS@UWW.EDU

Dates and times are subject to change. In the event of a change, information on the University Housing website will be updated to reflect the updated information.
