

# Second Semester Intentions

## What is Second Semester Intentions?

- During the Fall Semester, University Housing works with your Complex Director and Resident Assistants (RAs) to find out what your plans are for the following spring semester. The RA and/or Complex Director will provide information on how to apply for the different options below.
- This helps us fill spaces, allow students to move buildings prior to spring semester, and make sure that any student leaving University Housing has completed the proper paperwork.
