

Second Semester Intentions

What is Second Semester Intentions?

- During the Fall Semester, University Housing works with your Complex Director and Resident Assistants (RAs) to find out what your plans are for the following spring semester. The RA and/or Complex Director will provide information on how to apply for the different options below.
- This helps us fill spaces, allow students to change buildings/rooms (if they want to) prior to spring semester, and make sure that any student leaving University Housing has completed the proper paperwork.

What do I need to know???

- All students who are looking to move to another space on-campus and/or have someone move in with them need to follow our policies and procedures listed below.
- THIS IS NOT the process for applying for the following 2022-2023 Academic Year. If you are looking to apply for the below options for Fall 2022 – Spring 2023 then you will apply in Spring of 2022 during Reapplication.
- If you are seeking a release from your Housing Contract, see below for more details.
