

Workstation Management Meeting – 8/20/18

All:

- New Computer Models
 - Zbook
 - Finalizing – Let me know if any feedback or requests.
 - Macbook Pro
 - Finalizing – will be fully customizable as the current items are.
- Software Renewals Coming due:
 - Smart Notebook – Should be receiving new keys this week.
 - Available for Fac/Staff by request only.
- Citrix
 - Currently Upgrading Virtual Apps. Any other requests for software?
 - -CoBE: SPSS Modeler 24
- Workstation Verifications
 - Colleges should be verifying lab/class software and letting us know about any issues so we can resolve prior to start of semester.
- 10.10 Macs will be targeted next for upgrade – Updates?
 - Next release of Cisco Jabber does not support 10.10 which causes issues for a campus wide push.
 - ~80
- High Sierra
 - Began new DEP provisioning process
 - A few bumps, but I'll continue working with areas who image to refine the process.
- Papercut Migration for fac/staff
 - Looking for areas interested in looking at the Papercut options to formulate a plan to migrate devices. – No Updates
- Adobe:
 - Initial synchronization to give fac/staff federated access to the All Apps plan is in place. I am working on documentation and then we will announce to users.
 - Labs/Classrooms will still have serialized licenses
 - Office computers will have the option for serialized licenses (might go away in new ETLA Next fall), or named user
 - Be careful if it is an office computer, which students use, you will need the serialized license in this case.

- If a user logs into a serialized install it can wipe out the serialized license. There is the “Adobe Creative Cloud – Enterprise License (Expires 11-19)” available to re-serialize the license.
 - Adobe has committed to a new student-licensing model which is to work with named-user only applications like XD, Dimension and Captivate 2017.
 - Resructuring:
 - UW-Rock fac/staff will be provisioned NetID’s for Whitewater services and communication will go out to them with further information.
 - UW-Colleges still supporting and purchasing existing UW-Rock fac/staff equipment
 - UW-Whitewater is taking part in various IT restructuring functional groups with other campuses.

CA:

- 10.10 Macs – Updates?

CLS:

- 10.10 Macs – Updates?
- iPad Image this week potentially

CoBE:

- 10.11 Macs – List sent to Joe
- Meet with Linda Yu in HH2202?
 - In the last department chairs meeting she had requested enhanced testing for a smoother start to the semester.

CoEPS:

- 10.10 Macs
- Mac Image once we receive the new SMART key this week
- iPad Image this week potentially

Housing:

- 10.10 Macs
- Macs – Gone?! (For the most part)
