Firefox 37 – Commonly Used Features

OVERVIEW

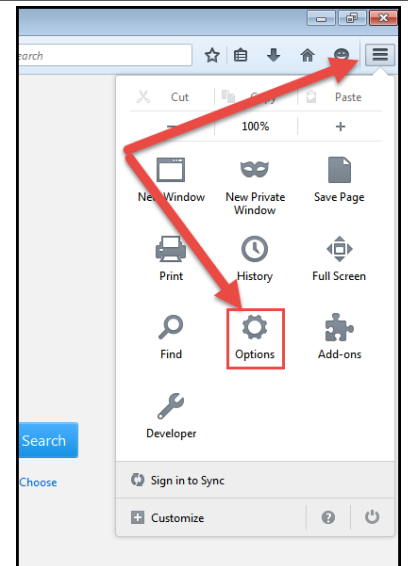

This guide will show you how to find commonly used features in Firefox version 37.

Settings and Internet Options (Preferences)

Step 1. Open Firefox.

Step 2. Click the ☰ (menu) icon in the top right-hand corner of the page.

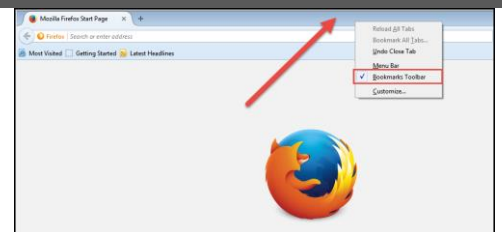

Step 3. Select **Options**.

Bookmarks Toolbar/ Menu Bar

Step 1. Right-click the blue space at the top of the Firefox browser window.

Step 2. Select “Menu bar” to display the file menu bar. Select “Bookmarks Toolbar” to show your internet favorites.

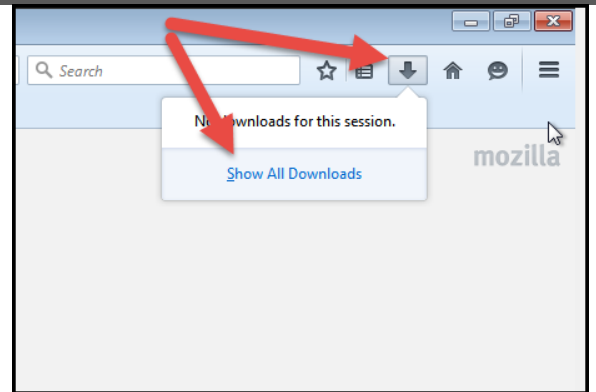

You can also view bookmarks and save bookmarks by using the ☆ 📁 buttons located in the top right of the Firefox toolbar.

View Downloaded Files

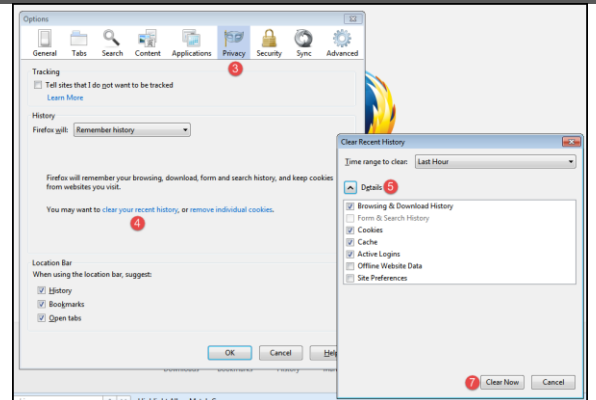

- Step 1.** Click the “down arrow” icon in the top right-hand corner of the screen.
- Step 2.** Select **Show all downloads** to view all downloaded files.

Note: Typically downloads appear in the “Downloads” folder on your computer.

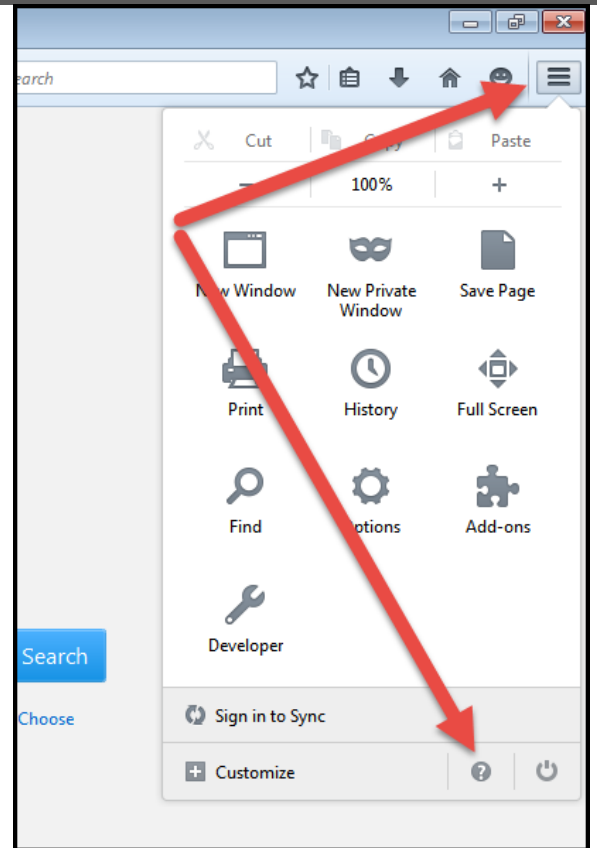

Clear Browser History/Cache

- Step 1.** Click the  (menu) icon in the top right-hand corner of the screen.
- Step 2.** Select **Options**.
- Step 3.** Click the “Privacy” tab.
- Step 4.** Click the “clear your recent history” link.
- Step 5.** Click the  button to expand details.
- Step 6.** Select the options you wish to clear.
- Step 7.** Click the **Clear Now** button to clear history/cached pages.

Find IE Browser Version

- Step 1.** Click the ☰ (menu) icon in the top right-hand corner of the screen.
- Step 2.** Click the ? (help) button located on the menu screen.
- Step 3.** Select “About Firefox”.
