Connect to Sponsored Guest Wi-Fi

OVERVIEW

This guide will walk you through the steps to connect to the UW-Whitewater Sponsored Guest wireless network on campus with any device.

Create Account:

Step 1

Navigate to https://sponsor.uww.edu using a web browser.

Login using your UW-Whitewater Net-ID and password.

Guest Sponsor Portal Sign On

Use the Sponsor portal to manage guest wireless accounts. Sign on with your username and password after verifying that you agree to the terms and conditions, if required.

NetID:

Password:

Sign On

Step 2

Under the **Create Accounts** tab, enter the **First Name, Last Name,** and **Email Address** of the guest.

Set the Duration up to a maximum of **3** days, and set the **From** and **To Date** to the day the account will be needed.

Select **Create** once all required information is entered.

Guest Information

| Known | Random | Import |

First name:*

Last name:*

Email address:*

Phone number:

SMS provider:

ATT

Access Information

☐ End of business day

23:59

Duration:*

1   Days (Maximum:3)

From Date (yyyy-mm-dd) *   From Time *

2019-04-04   10:22

To Date (yyyy-mm-dd) *   To Time *

2019-04-05   10:22

Create

Manage Account:

Step 1

Under the **Manage Accounts** tab, select the account username of the guest you want to manage.

	Username	State	First Name	Last Name	Email Address	Phone Num...	Expiration...	Time Left
☐	guest@email.com	Created	GuestFirstName	GuestLastName	guest@email.c		2019-04-07 11:04	2D 23H 57M

Toolbar buttons: Edit | Resend | Extend | Suspend | Delete | Reset Password | Reinstate | **Refresh** | ⚙

Step 2

Using the toolbar at the top of the page, you can select any of the following management options:

- **Resend**: Resend guest wireless access account information to guest.
- **Extend**: Extend wireless account activation period. Max can only be 3 days.
- **Edit**: Edit the guest account information.
- **Suspend**: Suspend the guest wireless account.
- **Reinstate**: Reactivate a suspended guest wireless account.
- **Delete**: Delete a guest account.
- **Reset Password**: Reset a guest's wireless password.
- **Print**: Print the guest account wireless access information.

Select **Done** when finished.

Resend	Extend	Edit	Suspend	Reinstate	Delete	Reset Password	Print
