The Pluses and Minuses + of Grading - at UW Whitewater

This interactive workshop will examine the apparent effects on undergraduate GPAs of changing from a traditional grading system (e.g., whole letter grades) to a grading system that uses pluses and minuses.

The reasons for the change will be briefly revisited before examining GPAs for the four semesters before the change and the four semesters after the change. Comparative data will be presented by semester and by course level (e.g., 100-level, 200-level, etc.).

Time will be set aside for discussion of related topics and issues.
