University of Wisconsin - Whitewater

Need Data & Stats?

Are you looking for data sources for your class projects—or to support your own research?

The Library has several key subscription databases that offer data and statistics covering many fields.

- ◆ [Statista](#) offers 80,000 topics and more than a million stats 
- ◆ [Data Planet Statistical Datasets](#) offers billions of structured statistical data points from 70+ organizations  providing access to data presented in charts, maps, graphs, and table form
- ◆ [Library Statistics & Data](#) - see all the statistical sources on the Library's A-Z database list

If you don't find what you need there, you may want to mine the Web for data. Business Librarian Naomi Schemm recommends:

- ◆ [Dataset Search](#) (Google) - Includes many helpful search limits, including topic, format, update dates, usage rights — and the ever important “free”

We also have several Libguides that link to data sources in specific fields:

- ◆ [Business Data](#)
- ◆ [Education Data & Statistics](#)
- ◆ [Government Statistics](#)

Citation Guides

The Library's Citation Guides continue to be in high demand!

If your students are using [APA \(7th\)](#), [MLA \(8th\)](#), or [Turabian \(9th\)](#), we have detailed [Citation Guides](#) that cover all the major types of sources they will be using.

Citation Guides

[APA Style online guide](#)

[MLA Style online guide](#)

Book & Media Orders Wrap Up

Just a reminder that academic departments should wrap up ordering books and media by **Friday, March 12.**

If you are teaching a Spring or Summer course and need to order something after the deadline to support your course, do let us know. As a reminder, orders may be placed through the [online form](#) or via email to libacq@uww.edu.

Wanted: Database Suggestions

If there are websites or databases you use in your research that you would like to share with our campus, please let us know.

We will be adding many databases with high-quality free content to our [A-Z Databases](#) list.

Librarians review the potential additions to select them for the A-Z list or for [Research & Class Guides](#). If you have suggestions, please share them with your [Liaison Librarian](#).

Student Study Rooms

Do your students need a quiet place on campus to study or attend online classes?

They can [reserve Library study rooms](#) online for up to 4 hours.

The Individual Study rooms on the 3rd floor are reservable this year along with all the Group Study rooms. Room capacity limits are smaller this year for obvious reasons.
