**COMM 351 GAME STUDIES AND DESIGN ...** This course requires students to engage in and analyze a variety of interactive media: games and other forms of play. The goal is to turn a critical consciousness towards an activity that they have engaged in since birth, and consider how play changes when it is electronically mediated. Interactive media fundamentally changes the process of communication because the audience becomes more active. Users author their own experience and this fundamentally changes the role of author/architect of the medium. This course will examine audience/player experience, game/interaction content, and the effects of playing on the players. Students will analyze play experiences and learn how to develop new games.

# MUSIC

## Music

**MUSC 60 PRIVATE INSTRUMENTAL INSTRUCTION IN THE PRIMARY PERFORMING AREA ...** This course is intended for students accepted as probationary music majors. Students allowed to enroll have demonstrated potential in their performing medium, but need to review the basics of playing their instrument and/or need work in some performance skills to catch up to the level of a first term music major. This course counts toward the term credit load and will be computed into the grade point average. It will not be included in the credit count toward graduation. This course is not repeatable. At the conclusion of one term of "0" lessons, the student must reaudition to be accepted as a major in the department. A grade of "C" or lower and/or nonacceptance as a music major will be cause for the removal of the student from the program. NOTE: Does not count toward degree.

**MUSC 70 PRIVATE VOCAL INSTRUCTION IN THE PRIMARY AREA ...** This course is intended for students accepted as probationary music majors. Students allowed to enroll have demonstrated potential in their performing medium, but need to review the basics of playing their instrument and/or need work in some performance skills to catch up to the level of first term music major. This course counts toward the term credit load and will be computed into the grade point average. It will not be included in the credit count toward graduation. This course is not repeatable. At the conclusion of one term of "0" lessons, the student must reaudition to be accepted as a major in the department. A grade of "C" or lower and/or nonacceptance as a music major will be cause for the removal of the student from the program. NOTE: Does not count toward degree.

## Section III - College of Business and Economics

### LOWER DIVISION (200-LEVEL) ELIGIBILITY:

Students pursuing a Bachelor of Business Administration degree must achieve 24 credits and maintain a 2.50 GPA or better in order to take lower division business courses except BEINDP 101, ECON 201 and ECON 202. Grades received for all appropriate college courses taken at other institutions will be included in determining the student's grade point average eligibility for enrolling in business courses.

Business minors and non-business minors required to take business courses must have at least a 2.00 UW-Whitewater gpa and 24 credits completed to enroll in lower division (200-level) business courses required in the minor.

Non-business majors who are required or who may elect to take business courses in the major must have a 2.00 UW-Whitewater grade point average and must have completed 24 credits to take lower division (200-level) business courses.

### UPPER DIVISION (300/400-LEVEL) ELIGIBILITY:

Students in the BBA curriculum are not eligible to enroll in the College of Business and Economics 300- and 400-level courses unless they have 60.0 or more credits to degree, at least a 2.50 cum GPA and have been admitted to the upper division business courses. Transfer students must maintain a combined GPA (transfer and UW-W) of 2.50 to continue eligibility.

Business minors must have a 2.00 UW-Whitewater gpa and 60 credits completed to enroll in upper division (300- or 400-level) business courses. In order to graduate with a business minor, the student must have a 2.25 gpa in the minor.

S/NC grading may not be used in any business course or any BBA degree requirement unless offered on an S/NC basis only. Courses in the College of Business and Economics may not be taken on an audit basis. A course cannot be used to satisfy both a BBA degree and a major requirement.

Non-business majors who are required or who may elect to take 300/400-level business courses must have completed 60 credits and have a 2.00 UW-Whitewater gpa to take upper division (300- and 400-level) business courses.

Non-business majors who are not required to take business courses in the major may register for business courses during the first week of classes if all course prerequisites and credits completed (24 for lower division or 60 for upper division) are met, and the student has a 2.50 combined grade point average.

### ADMISSION TO UPPER DIVISION BUSINESS COURSES:

When a student is projected to complete at least 54 credits and has satisfactorily completed or is enrolled in ENGLISH 101, ENGLISH 102, COMM 110, ACCOUNT 244, ACCOUNT 249 or ACCOUNT 261; BEINDP 290; ECON 201; ECON 202; ITSCM 280; MATH 143; and ECON 245, the student may apply for admission to the upper division business courses. All students with at least a 2.80 combined GPA will be admitted. Application forms for admission to the upper division business courses are completed at a registration information meeting or online after completion of an online advising exercise.

ENROLLMENT PREFERENCE in all business courses will be given to the following officially declared majors and minors:

- All BBA Majors; integrated science and business; business education; other non-business majors with business course requirements
- Minors; business minors; arts management minors; other minors with business course requirements.

SPECIAL STUDENTS ..... Students admitted with full/complete credentials of all previous post-secondary work (SPFC) may register with the approval of the SPFC advisor (assistant dean of the College of Business and Economics) and special students without full credentials (SPNC) can register on a space available basis with the approval of the assistant dean of the College of Business and Economics, [undergradbus@uw.edu](mailto:undergradbus@uw.edu), 262-472-4900.

COMMON EXAMINATIONS ..... Certain courses have common exams during the semester when all sections will be tested at the same time. Students should not schedule other classes at those times.

GRADUATE STUDENTS ..... Graduate students must be admitted to the MBA, or MPA, degree program, or to the Graduate Business Foundations, Human Resources Management, or Project Management certificate program to enroll in 500-700 level courses offered in the College of Business and Economics. Only DBA students can enroll in 800-900 level courses. Non-Candidate for Degree (NCFD) students cannot register for College of Business and Economics courses. Exceptions to this policy may be granted to a student enrolled in a graduate business degree program at another accredited institution that wants to transfer the UW-Whitewater course work to their non-UW-Whitewater business degree program. Exceptions must be approved in advance by the associate dean, College of Business and Economics (262-472-1945).

ONLINE BUSINESS COURSES ..... Charges for online business courses are stated with the course listings. The charge is the same for both in-state and out-of-state students.

#3336 Section 01 [units: 2] NOTE: Class sessions will be announced by the course faculty member(s). Students will also participate in the faculty-led travel study component of the course scheduled for Ireland and Scotland from March 20th to 28th 2020. Contact the Office of Global Experiences Coordinator: Dan Colleran (collerad@uww.edu), or the course faculty contact: Dr. Lynn Gilbertson (gilbertl@uww.edu) for academic requirements or for more information about the course. Online applications are due by Friday, December 6, 2019. The application is online at www.uww.edu/international. The majority of the estimated Faculty-led course fee, as noted on the course application, will be charged to the student's account when enrolled by the registrar within the first two weeks of the semester. The program fee will be finalized later in the semester when participants have their travel documents and the university paid all expenses on behalf of the student. The student's accounts will then be adjusted if needed. Faculty-led travel study registration is not available via WINS registration. Student participants may not add or drop a travel study course via WINS once it has been added to their academic schedule. Failure to abide by the add/drop provisions of the Faculty-led Travel Study Program could result in severe financial penalties. Students are advised to refer to the application for more information on cancellation and refund policies.

## Education Interdepartmental

**EDUINDP 212 WORKING WITH CHILDREN AND FAMILIES IN A DIVERSE SOCIETY ...** This course is designed to prepare students to work with families of both typically and atypically developing children, and with families whose children are at-risk for developmental and educational difficulties. The following concepts will be addressed: young children in an ecological context, risk and resiliency, the post-modern family, parenting styles, positive discipline in the home and classroom, cultural competence, prevention/intervention, and characteristics of healthy families. The content will focus on families in a diverse society and will specifically address the requirement for instruction in native American culture in Wisconsin. Skills will include: ability to access a variety of resources to communicate and collaborate with families, to work with specific at-risk populations, and to determine family strengths and needs. Additionally, students will be exposed to the IEP and IFSP as they relate to family strengths and needs.

**BIOLOGY 180 SEX, GENDER, AND HEALTH ...** This course explores the reproductive and sexual functions of human bodies, as well as the scientific and social influences on those bodies. By examining sex, reproduction, and aging, this course uses intersectional lenses to explore uneven access to sexual health resources and reproductive justice across cultures, ultimately demonstrating the achievements and limitations of women's health movements in the recent past.

## Chemistry

**CHEM 100 EVERYDAY CHEMISTRY ...** A terminal course covering the basic concepts of chemistry and how they relate to our everyday lives. Chemistry concepts are covered at the particulate level and then connected to our macroscopic world. The lab provides deeper exploration and hands-on experiments. This course meets the General Education GL requirement and is designed primarily for non-natural science majors.

**CHEM 102 GENERAL CHEMISTRY I ...** An introduction to chemistry including matter and energy, atomic and molecular structure, bonding, reactions and stoichiometry, gas laws, and changes of state. This course is primarily designed for natural science, pre-health, and occupational and environmental safety majors needing two or more semesters of chemistry.

**PREREQ: MATH 141 WITH A GRADE OF C OR BETTER OR WAIVER. COURSE IS RESTRICTED TO STUDENTS IN THE FOLLOWING PROGRAMS IN THE FALL SEMESTER ONLY: CHEM, INTEGRATED SCIENCE-BUSINESS, OCC SAFETY, BIOLOGY, ENV SCIENCE, AND UNDECLARED, OR BY DEPARTMENT CONSENT**

**CHEM 251 ORGANIC CHEMISTRY ...** Introductory chemistry of the compounds of carbon, their structures and reactions. Taken primarily by chemistry majors and pre-professional students. The foundation for understanding organic reactions is established with an emphasis on bonding, functional groups, three dimensional structure of organic molecules, relationship between structure and reactivity, kinetics, and reaction mechanisms. Three hours of lecture per week.

**CHEM 252 ORGANIC CHEMISTRY ...** A continuation of CHEM 251. The goal is to further examine the structure & reactivity relationship with emphasis on reactions and synthesis. It also illustrates how structural features considered in 251, combined with organic reactions learned in 252, can be sources of insight in the overall design of natural products and synthesized materials. Three hours of lecture per week.

## Geography

**GEOGRPY 120 INTRODUCTION TO METEOROLOGY ...** This course provides students with a fundamental understanding of the processes that are responsible for the changes in day-to-day weather patterns. The primary focus is on the physical properties of the Earth's system that control those patterns. Topics investigated include Earth's energy and water budgets, cyclone development and evolution, severe weather, and a basic understanding of climate systems.

#2065 Section 01 [units: 3] NOTE: This course explores the long history of African American activism for social justice and Black empowerment since the Civil War. Sometimes described as the "Long Civil Rights" movement, the history of Black protest for empowerment, freedom, rights and human dignity is extensive. Roots of the transformative work of Dr. Martin Luther King and others in the 1950s and 60s are evident in the 19th and early 20th century work of African American writers and leaders. Black protest has also extended forward, far beyond the 1960s, where the unfinished demands of the Civil Rights Movement are still being sought through fair housing, fair employment, neighborhood empowerment, and just policing movements such as Black Lives Matter.

**MATH 140 MATHEMATICAL IDEAS ...** *Designed to give students a broad understanding and appreciation of mathematics. Includes topics not usually covered in a traditional algebra course. Topics encompass some algebra, problem solving, counting principles, probability, statistics, and consumer mathematics. This course is designed to meet the University Proficiency Requirement for students who do not wish to take any course having MATH 141 as a prerequisite.*

**PHILSPHY 320 PHILOSOPHY OF SCIENCE ...** Science is an important human enterprise. This course is designed to provide a more philosophical understanding of science so that one can critically assess claims people make about evidence, confirmation, theory, model, simulation, causation, etc. It presupposes no previous knowledge of philosophy or any particular science, only a serious curiosity about them.

**ANT150 FOOD, CULTURE, AND IDENTITY ...** *Food is the very core of life & one of the most culturally prescribed areas of human experience. This course will study the role of food in human history, & the biocultural construction of what is classified as food. We will examine the meaning of food across cultures with particular attention to how cultural & ethnic (e.g. Asian American, Native American) identities are associated with particular types of food. Rituals, religions & family celebrations, & secular holidays all include the deliberate preparation, serving & sharing of food (or abstinence from food). We will explore food consumption & health, the gendered dimension of food, & the social hierarchies & power relations associated with the commodification of food. Class Proj.s are designed to connect the student to various community & ethnic groups through the study of farmer's markets, food banks, stores & restaurants. We will think about food in new & provocative ways & in the process practically apply theoretical concepts.*

**ANT343 RELIGION, MAGIC, AND WITCHCRAFT ... (ANT 343 & REL 343 are the same course.)** Religion, magic & witchcraft are uniquely human means of reaching out to the supernatural realm in order to effect changes in the here & now. This course introduces student to descriptions & interpretations of magico-religious beliefs & practices in a variety of cultures from an anthropological perspective, which does not attempt to judge the validity of such beliefs but to understand their origins & functions, among other things. It examines theories about religion & some of the conceptual issues regarding the interpretation of religion & related phenomena which have interested anthropologists over time.
