What It Is

This is an annual opportunity for benefits eligible employees to enroll in or make changes to most benefits for the upcoming calendar year. Benefits Open Enrollment is the only time you are eligible to make changes unless you have a qualifying life event, such as a family or employment status change.

HOW TO ENROLL

1

Set up your **My Benefits account** (one-time registration). View instructions: [Set up account in My Benefits](#).

2

Log into [Workday](#) then go to Personal > Benefits and Pay > Suggested Links > My Insurance Benefits.

3

Log into **My Insurance Benefits** using your My Benefits credentials. Then, review your current benefits/dependents and enroll for the 2026 plan year (**October 5 – October 30, 2026, 4:30 pm**).
